THE ITALIAN OFFICE OF MIPC

Our goals:

- Promoting cultural exchanges between Italy and China, with particular reference to music
- Promoting music productions and tours to and from China
- Promoting musical didactic activities and artistic competitions from Italy to China, with particular reference to opera
- Promoting *best practice* exchanges, with particular reference to music publishing and copyrights

MIPC

(CHINA MUSIC INDUSTRY PROMOTION COMMITTEE)

MIPC is China's only national music industry promotion committee.

MIPC has 13 parks in 4 music industry bases in Beijing, Sichuan Province, Guangdong Province and Shanghai. The parks have accommodated thousands of professional music companies including phonographic companies, publishing companies, performance companies, music technology companies and audio and video production company. In 2014, MIPC co-worked with Communication University of China to write the 2014 China Music Industry Report, the first music industry report ever published in China. The report says that in 2013, the total value of output of China Music Industry reached 270 billion RMB and still has plenty room for further progress.
